RE: FCC Public Notice DA01-2761

Dear Ms. Dortch:

The Alabama Public Service Commission (APSC) on behalf of the State of Alabama under authority of Section 37-1-80-2 of the Alabama Code, as amended, respectfully submits its application for re-certification of the Alabama TRS as required under 47C.F.R. section 64.604 and 64.605.

Pursuant to the FCC's Notice issued June 22, 2007, the APSC, by this application, submits its documentation showing: (1) that the Alabama TRS program provided under contract with Sprint Communications Company L.P. meets or exceeds all operational, technical and functional minimum standards contained in 64.604 and 64.605; (2) that to the extent the Alabama TRS program exceeds the minimum standards contained in 64.604 and 64.605, there is no conflict with federal law; (3) the Alabama TRS program makes available adequate procedures and remedies for enforcing the requirements of the state program.

Enclosed for the Commissions review is the application for re-certification as well as numerous attachments supporting this filing.

By review of our application and supporting documentation, you will find the Alabama TRS program is in compliance with Federal guidelines, and the APSC respectfully requests the FCC re-certify its state TRS program.

Respectfully submitted,

Alabama Public Service Commission

A handwritten signature in black ink, appearing to read "Judy McLean". The signature is fluid and cursive, with the first name "Judy" and last name "McLean" clearly distinguishable.
